The Employee & Family Assistance Program (EFAP) is an employee benefit program supported by CEP Local 298, CEP Local 1127 and Eurocan management. EFAP is a **confidential and personal counselling service** for all the Eurocan employees (regular and casual employees), retirees and their dependents. Services are provided to the employee or retiree and his/her dependent(s) at **no charge** on a **strictly confidential basis**.

Employees or immediate family members may request services directly by contacting the offices of Wilson, Banwell & Associates Ltd., Vancouver, for an appointment by calling collect 1-604-689-1717 or calling the toll-free number 1-800-663-1142.

Emergency services are available 24-hours a day, 7-days a week, through the Wilson Banwell toll-free number. At that time, the problem will be thoroughly assessed and alternatives for resolution reviewed. If counselling is considered as being helpful, a Wilson Banwell staff psychologist will provide it.

Additional information regarding the Employee & Family Assistance Program may be obtained from your EFAP members:
