

Paper Excellence Mackenzie Pulp shared late yesterday afternoon they are still recruiting Pipefitters (2 positions) and Instrument Mechanics (4 positions). If interested or you require more information, please contact Rick Todd, Maintenance Manager with Mackenzie Pulp via his cell (250) 997-7737 or email at RTodd@mackenziepulp.com. Note ... Rick formerly worked at Eurocan as a Reliability Engineer.

CIMS (Canadian Industrial Mill Services) based in Vancouver have been contracted by Mackenzie Pulp to assist with their mill start-up ... interested Temp Trades should contact Gary Salmond who is Mackenzie Pulp's contact via email at garry605@gmail.com (Mackenzie Pulp didn't share details regarding Temp Trades requirements for CIMS ... you will have to follow up with Gary Salmond directly).

For those employees interested in Entry Level positions with Mackenzie Pulp, provided below are their Human Resources contacts. Note - that you will have to follow-up with Doreen Tiller, Human Resources Co-ordinator, as to their Operator/Production position needs, etc.
